"Rheinmetall gives me the space and the freedom to use my experience and the expertise of my colleagues to implement the best process that a manufacturing company needs."
Ádám Barkó
Quality Assurance Manager

"At Rheinmetall Hungary in Zalaegerszeg, I found motivating challenges instead of routine tasks."
András Gaál
Head of Department,
Technical Project Management

"I see a lot of freedom and opportunities for our future careers, and for that we need to contribute our flexibility."
Simon Vaz
Software Developer

"I want to create a supportive environment where we can grow up to do the job we've been given - as a team."
Géza Németh
Engineering Director

"We are building a new company in Hungary from the ground up, so we value the small wins as much as the big milestones."
Beatrix Koltai
Supply Chain Manager
